Memorandum

To: CHAIR AND COMMISSIONERS **CTC Meeting**: October 12-13, 2022

From: MITCH WEISS, Executive Director

Reference Number: 4.6, Information

Prepared By: Elika Changizi
Associate Governmental Program Analyst

Published Date: September 30, 2022

Subject: 2022 Active Transportation Program Status Report

Summary:

The California Transportation Commission (Commission) publishes an annual Active Transportation Program Status Report to summarize project delivery progress and provide program transparency. The 2022 Active Transportation Program Status Report provides the delivery status for projects programmed through the Commission's first five program cycles (over 900 projects). The information in the report summarizes the following project delivery milestones through fiscal year 2021-22: allocations, time extensions, scope changes, and Baseline Agreements for the Statewide, Small Urban and Rural, Metropolitan Planning Organization, Quick-Build and Greenhouse Gas Reduction Fund components of the program. The California Department of Transportation and the Regional Transportation Planning Agencies reviewed the 2022 Status Report to ensure accuracy.

Background:

The Active Transportation Program was created by Senate Bill 99 (Chapter 359, Statutes of 2013) and Assembly Bill 101 (Chapter 354, Statutes of 2013) to encourage increased use of active modes of transportation, such as biking and walking. Senate Bill 1 (Chapter 2031, Statutes of 2017) directs additional funding from the Road Maintenance and Rehabilitation Account to the Active Transportation Program. Along with the program's overall purpose of encouraging walking and biking, the program aims to increase the share of walking and biking trips, increase safety and mobility for non-motorized users, help regional agencies achieve greenhouse gas reduction goals, enhance public health, ensure that disadvantaged communities fully share in program benefits, and provide a broad spectrum of projects to benefit many types of active transportation users.

2022 Active Transportation Program Status Report

The Active Transportation Program was created by Senate Bill 99 (Chapter 359, Statutes of 2013) and Assembly Bill 101 (Chapter 354, Statutes of 2013) to encourage increased use of active modes of transportation, such as biking and walking. Senate Bill 1 (Chapter 2031, Statutes of 2017) directs additional funding from the Road Maintenance and Rehabilitation Account to the Active Transportation Program. Along with the program's overall purpose of encouraging walking and biking, the Legislature also intended for the program to increase the share of walking and biking trips, increase safety and mobility for non-motorized users, help regional agencies achieve greenhouse gas reduction goals, enhance public health, ensure that disadvantaged communities fully share in program benefits and provide a broad spectrum of projects to benefit many types of users.

The California Transportation Commission (Commission) has programmed the first five cycles of the Active Transportation Program. Through these five cycles, the Commission has funded over 900 projects throughout the state. The 2022 Active Transportation Program Status Report summarizes the project delivery milestones for these projects including all: allocations, time extensions, baseline agreements, approved scope changes, and advances through the end of fiscal year 2021-22. The Commission has worked with the California Department of Transportation and Regional Transportation Planning Agencies to ensure the accuracy of the report.

It is the Commission's intent to publish the Active Transportation Program Status Report every year to increase the transparency of the program and to show the progress of the projects.

Please direct any comments or questions regarding this report to the Commission's Program Analyst, Elika Changizi, at (916) 653-3159 or by email at Elika.Changizi@catc.ca.gov.

Sincerely,

MITCH WEISS
Executive Director

Active Transportation Status Report Key

Baseline Agreement: "Date" - When the Baseline Agreement was approved at a Commission Meeting
Baseline Agreement: "Pending" - Baseline Agreement Required for Project, but not yet due
Project Closed Out (Fully Allocated or Cancelled)

Voted Column Designations:

Month-Year -- Commission meeting where project phase was allocated
Lapsed -- Project/Phase was not allocated in allotted schedule or time extension
Savings -- Agency allocated less than what was programmed for a phase or agency elected to use local funds for a phase
Withdrawn -- Project was deprogrammed or cancelled by agency
Deallocated -- ATP funds were allocated by Commission and were not expended. Commission deallocated and returned funds to Program.

Abbreviations, Acronyms and Initialisms:

AOG: Association of Governments
COG: Council of Governments
CON: Construction Phase
DAC: Benefits to Disadvantaged Communities
DOT: Department of Transportation
DPH: Department of Public Health
DPW: Department Public Works
MTA: Metropolitan Transportation Authority
NI: Non-Infrastructure
PA&ED: Project Approval & Environmental Document
PS&E: Plans, Specifications, & Estimate Phase
ROW: Right-of-Way Phase
RTC: Regional Transportation Commission
SRTS: Safe Routes to School
TD: Transportation Department
TPA: Transportation Planning Agency
